EDUCATION

No Degrees, High School — Commerce Background

Having No Degrees only completed my 12th from
Kendriya Vidyalaya Sangathan(KVS)

And after completing my High School education I only wanted to learn
the stuff I'm passionate for.... So put my feet into this field.

I'm more a Developer less a designer...!
(More Interested in logical stuff...)

PROJECTS I have Worked on :

Loan Application flows — *Project of IntelOra with Maalem Finance.*

Education Platforms — Project with Cudy

Customization of eCom Template — Project as Freelancer

Projector - Video Collections Web App — (*Full Stack React Developer*)

And Many More.....
